

BULLFLOAT BFE

This is a floating vibrator ideally suitable for use on slabs, small concrete pavements etc. to be used directly on concrete where shuttering at sides is not possible.

- Infinitely adjustable vibration frequency.
- Light weight.
- Long handle to avoid stepping on concrete.
- Forward and reverse movement.

BULL FLOAT - BFE TECHNICAL DATA

Electric Motor	:	1 Phase, 220 V, 50 Hz
Power	:	220 w
Working Width	:	1.5 / 2 m
Length of Handle	:	2 m.
Weight	:	1.5 m - 23 Kg / 2m - 25 Kg.
Vibrations frequency (Infinitely adjustable)	:	3000-9000 Vibrations/minutes
